Our Facilities

JACKSON LODGE

Jackson Lodge is a large two level facility. The main level includes an indoor fireplace, rest rooms, camp store, infirmary, meeting room and open area for groups of up to 150. The lower level has two dormitories, each with housing up to 16 people.

DINING HALL

Our spacious new dining hall has a seating capacity of 150. Meals are served family style and are served at 8:00 am, 12:00 noon and 5:30 pm. Menus are nutritionally balanced and appetizing, with your group in mind. Special diets and vegetarian menus are available with advanced notice. Groups assist in building their community by helping with setting and cleaning the tables before and after meals.

ENVIRONMENTAL CENTER

The original Rood Lodge, built in 1923, serves as both environmental center and arts building. All overnight tent camping trips and environmental activities are run out of this building.

CABINS

Six winterized cabins sleep a maximum of fourteen participants per cabin in seven sets of bunks (two cabins can house 16 individuals). Camp Jackson can house up to 150 participants in winterized facilities. Bunk beds and mattresses are provided, while participants must bring their own bed linens and towels. Two large shower house facilities are within easy walking distance from the cabins. Groups are responsible for assigning group members to designated cabins.

CAPPORICCI TEEN CENTER

The Teen Center is a facility that sleeps thirty-two participants in two wings with eight bunks in each wing. A central meeting space that is furnished with a couch, chairs, and a table joins the wings. A rock fireplace is the centerpiece of this beautiful room.

OUTDOOR SPORTS AREA

YMCA Camp Jackson has a volleyball and frisbee golf area. Archery and riflery ranges are also available. Equipment is provided. Camp Jackson staff must supervise archery and riflery activities.

CHALLENGE COURSES

Camp has a group challenge course, consisting of both high and low elements, that work to improve group cooperation and leadership. Camp staff must be present and lead this activity. All participants must sign a risk waiver to participate in the high elements challenge course.

ENVIRONMENTAL AREAS

Camp Jackson has over nine miles of hiking trails as well as San Isabel national Forest hiking trails adjacent to the Camp's property. Mountain vistas and streams complement the grounds. Eight group tent camping sites are arranged throughout camps property. These areas are also the sites for our outdoor education lessons.

HORSEBACK RIDING

Horseback riding is available (seasonal only) to all groups. The minimum number of participants per ride is ten. Each participant must be at least four feet tall, wear long pants, heeled boots and a safety helmet (provided). Trail rides are scheduled at ninety minute intervals with actual riding time being forty five minutes. Corral rides are adult-led rides for younger children. YMCA Camp Jackson trained staff leads each horse activity and no horseback riding experience is necessary. Participants must sign a risk waiver to participate in horseback riding.

CANOEING:

Canoeing on Lake Beckwith is available (seasonal only) to all groups. Trained YMCA Camp Jackson staff is required to lead and a certified lifeguard is required at all canoeing activities. All participants must sign a liability waiver to participate in canoeing activities.

SWIMMING

The camp pool opens in summer and is available for group use. The pool can accommodate up to 25 swimmers at a time. This activity must be supervised by a YMCA Camp Jackson lifeguard.

Reservation Information

GROUP CAMPING AGREEMENT

Reservations are usually made no more than one year in advance of your expected dates of use. All reservations will be considered tentative until the properly executed copy of the Group Camping agreement and the \$250.00 non-refundable deposit is received. Fifty percent of the balance is due thirty (30) days before your group's arrival, and the balance is due upon departure. Please read the group camping policies as you and your group will be responsible for these during your stay.

SCHEDULE LOGISTICS:

After signing the Group Camping Agreement and setting a date for your retreat, a tentative schedule should be determined and goals for the retreat established. Two weeks before your arrival, you must contact the Camp Director and finalize your schedule and attendance for meal counts. Cabin assignments and other applicable information will be confirmed at this time.

In order to avoid arrival/departure conflict between groups and to allow time enough for our staff to prepare camp, it is important that your group not arrive before the prearranged time. If possible, the Group Leader or delegate should arrive "shortly" before the group to orient him/herself to the camp and to prepare for the arrival of the group. Camp maps and cabin assignments are typically available for group members. The Group Leader should check-in with the Camp Director upon arrival. The leader should present the Camp Director with an accurate count of all participants, copies of schedules and other prepared materials for the event. Time should be set aside by the Group Leader to review the schedule with the Camp Director.

DEPARTURE

In order to avoid lost articles, the Group Leader should be prepared to check all cabins and buildings used for these "left behind" items. If a group member leaves something behind, it is best to call immediately, as other groups occupy the camp. All YMCA equipment must be returned to its proper storage area or to the Camp Director. Lost or damaged equipment or facility damages will be charged to the group.

All facilities should be left in broom-clean condition. We believe that this helps to instill values and a sense of community in our groups. A check-out sheet is available on cabin doors. Groups leaving the facility in poor condition will be subject to an additional \$250.00 cleaning charge. This will be at the sole discretion of the YMCA unless the Group Leader confirms with the Camp Director and returns the facilities in satisfactory condition prior to departure.

MARKETING

When printing brochures and flyers for your retreat, we prefer you list our camp as YMCA Camp Jackson, Pueblo, Colorado. Please do not list our telephone number with your registration, as we cannot answer questions about your retreat. You may list our telephone number as an emergency contact during the retreat. Please use 719-489-3822.

EMERGENCY PROCEDURES

All groups are responsible for the general first aid needs of their group and transportation to the medical facilities in case of an accident or illness. YMCA Camp Jackson recommends that at least one adult be certified in CPR and First Aid. We suggest that the group bring a general first aid kit with band-aids, cold packs, etc. for the general needs of their participants. The YMCA is not able to supply these general needs.

All group participants must have a health history on file. This includes name and address of participant's emergency telephone numbers, parent authorization to treat at the local hospital and a general health history, listing allergies or health conditions requiring treatment, restriction, or other accommodations while at camp.

In the event of an accident that requires medical treatment, the participant or group leader should notify the Camp Director of the need. The Camp Director can assist in general first aid, CPR, sickness, ice and other general needs.
